

# Arboretum Multi-Use Trail

2015  
UPDATE

**Wednesday**  
**Jan. 28th 2015**

6:30 - 7:45 p.m.

Graham Visitors Center  
2300 Arboretum Dr E  
Seattle, WA 98112

## PUBLIC MEETING

Seattle Parks and Recreation is hosting a public meeting for the Multi-use Trail in the Washington Park Arboretum. This community update will provide information on the design, the loop trail construction timeline and impacts to the park and neighborhood. The Multi-use Trail project is part of the Arboretum Master Plan.

The meeting will focus on the improvements on the south end of the trail. For the safety of pedestrians and bicyclists at the south end of the park, the City is exploring options to make 31st Ave E a one-way street southbound.

Seattle Parks and Seattle Department of Transportation staff will be available to collect feedback and answer questions.
